

CfA - 2024 EDELNet+ PhD Conference in Wroclaw (PL)

The partner universities of the EDELNet+ PhD Training Programme (see IVAC-Training at <http://graduateschool.edelnet.eu>) are inviting applications to its 2024 PhD Conference that will take place in **Wroclaw, Poland, from 7 to 11 October 2024**.

The number of participants is limited to 8 PhD students per institution. Successful applicants are expected to be registered as PhD students at one of the Partner Universities and have a good command of English.

Travel scholarships will be offered by the programme under the Erasmus+ Short-Term Blended Mobility scheme. Participants are expected to make their own travel and accommodation arrangements in advance.

The conference programme includes an **online phase (from 8 July to 6 October)** during which PhD researchers will be invited to exchange information about the projects with the organization and participate in short online preparatory activities. The core of the **5-day-long face-to-face (f2f) part of the programme (7-11 October)** focuses on the individual presentation of each participant's research. In these sessions PhD students will have the opportunity to receive constructive feedback from the discussants chairing their panels and from an audience of junior and senior researchers from several European jurisdictions.

The f2f part of the programme also includes a variety of short workshops on topics useful for PhD students to further develop their research and disseminate their results.

Applications will be accepted on a rolling basis until 8 July 2024. Please send your application to applications.rewi@fernuni-hagen.de For further information, please contact the programme coordinator, Dr. Juan J. Garcia Blesa at juan.garciablesa@fernuni-hagen.de or visit our website <http://graduateschool.edelnet.eu>
